

# EREC NEWS

## **PRINCIPAL'S MESSAGE**

February has come and gone all too quickly and so far, Mother Nature has given us some pretty awesome days. Everyone is getting outside almost daily which is certainly great for our physical and mental health.

This month students were engaged in African Heritage Month Activities. All students participated in learning about Martin Luther King, African NS Communities and African Canadians and other famous people of African descent who have contributed to making our country and world what it is today. The most important thing we recognize is that we need to celebrate and recognize many different cultures in our everyday classroom activities to make each and every child feel like they are an important part of our school community.

In February, the staff of EREC was recognized for Staff and Teacher Appreciation Week. Once again I'd like to thank everyone who works to ensure our school is a great place to work and learn. It takes all of us, working with all of you, to make the lives of our children that much richer.

Teachers are now preparing for reporting period 2. As always, parents are encouraged to monitor the progress, homework and agendas, and talk to your children about what they are working on in school. With the last segment of the school year on the horizon, it's more important than ever for students to keep up with their work and put forth their best effort in everything they do.

March Break is right around the corner so we want to wish everyone a safe and fun break!

Sonya Sauvé  
Principal
