5.0 School Improvement plan Update

- Daily reading and writing activities are taking place in all classrooms. Learning Support teachers are working in and out of classrooms to help close the gap brought on by COvid. There are challenges but teachers are finding ways to meet students where they are and help them grow.
- PD is on-going – virtually. Teachers have taken part in a full day of workshops and/or self directed topics and feedback on the sessions was excellent.
- Variety of learning activities are taking place, students are getting outdoors almost daily.
- PD session upcoming on trauma informed practice
- 5/6 imm is working with a class in northern Quebec.
- We will be looking to build a virtual partnership with a classroom at Mi'kmawey to do some virtual activities.

6.0 Winter Carnival activities this week, plans on the Outdoor classroom are in the works. May need to involve an architect due to the size of the project.

Funds have been used to purchase Chromebook carts, ipads, supplies, ipad cases, 2 bicycles, ipa d carts, and books.
