Provincial Assessment policy is being revised. Discussions will be at the SAC meetings. Sonya will give feedback on the online forum from our meeting. We went over the assessment consultation handout.

### School Report

Mr. Ford Rice has accepted a position as Executive Director of the recently formed Public School Administrators Association of Nova Scotia (PSAANS). Mr. Rice will begin his new position on Monday, January 7, 2019.

Paul Landry, will be the Regional Executive Director (Acting) – no end date.

Karen MacDonald, Director of Operations (Acting) – no end date.

\$3599 was raised on the Christmas basket tickets. We have ordered 10 Chromebooks, the Lions Club also purchased 10 more chromebooks for students. Scott Goyetche purchased 22 chromebooks also for the French immersion students to be shared.

There was a funding request to the SAC to purchase a chromebook cart. The cost of the cart is \$1300 plus tax. Approval was given to purchase the chromebook cart. SAC was given \$3500 for funding, which has to be spent by April.

Martha Keller is requesting funding for a class trip. No details as of yet.

Christmas concert was well attended. Enough money was collected at the door to help pay for the Christmas dinner.

Skating went well. More wing 3 students stayed back, than went or didn't come to school at all. Maybe do something different for wing 3 next year instead of skating.
